

# OLDSMAR FALCONS TEAM AND INDIVIDUAL SHOOT LOGISTICS

## **Making photo day a success:**

**-Please arrive for your scheduled photo time at least 10 minutes early** - earlier if you need to fill out paperwork and ask questions.

-Make sure your child has their form **completely filled out, payment attached** (paper clip) **and that the handwriting is legible on the form** - especially if you ordering any items that include text (i.e. name, number, position, height, etc. . .), before getting in line for their photo.

-Make sure your child understands that when they're positioned in front of the photographer, that's when they need to smile, keep their eyes open, chin level or slightly elevated and be prepared for their shot!!

-Please ask your questions of the people at the front information table (even if there's a line), going over to speak with our photographers and helpers who're taking the photographs slows the process down and puts us behind schedule.

On behalf of Tim Fannan Photography, we thank you for your business and appreciate being the Photographers for the 2010 Oldsmar Falcons!!
